Hi Penguin Families,

I can't believe we only have two weeks left of swim season. I also can't believe we have 4 dual meets and league meet still left. Hang on...it's going to be a wild couple of weeks.

In This Email:

- Meets this Week
- League Meet Event Entries
- Pancake Breakfast
- New Computer Software

There will be a DJ after the Thursday meet.

League Meet Entries

League Meet entries are due to Colony this week. If you have a specific event you would like your child to swim, please put the request in the Swim Team binder (under the League Meet tab) by Wednesday. (7/20)

Pancake Breakfast and Poster Making

I am still looking for someone to organize the Pancake Breakfast on Friday, July 29, immediately following practice. If you are interested, and would like more details, please let me know. I have detailed instructions from those who have done it before,

It would be unfortunate to see this long standing tradition and event the kids enjoy not happen. Please volunteer, or I will start wandering around at practice and during the meets and ask you directly.

New Computer Software

Many of you probably are not aware that our team computer crashed at the beginning of the season, taking with it our team management software. We are finally back in business. I have spent hours reentering our team and their individual times into the software. This being said, I have probably made a few human errors in entering in the data. If an name, age or time is wrong, send a response to this email. If you tell me at the meet I won't remember to make the change.

However, if I have missed a swimmer, which may have happened, please let me know ASAP. Thank you

for your understanding.

Have a great weekend, and Go Penguins!
Mary
