

Dear Northville Swim Team Families,

It is almost League Meet time!!! The Northville Swim Club (NSC) Team has many great League Meet traditions including **G**reat Swims, **G**ood Times, and of course **G**roup Eating! While we are looking forward to the first two traditions, this note is strictly about the food.

Traditionally, our swimmers meet in the NSC team group area after the morning swims to have lunch together as a group before the afternoon swims begin. As we have in the past, we would also like to support the Plymouth Colony concessions.

If your swimmers and/or family members to have preordered your lunches, we'd encourage you to eat them in our team area. If you are interested in the more traditional NSC team potluck lunch, we are offering that as an option as well. This year's potluck will feature pizzas PREORDERED from the Plymouth Colony concessions as well as any supplemental items any of our families would like to contribute.

If you are interested in the potluck lunch, please respond to gmroz@comcast.net with the number of people from your family that will be participating in the pizza lunch **by Wednesday July 27**. We'll use your headcount to make sure we have enough pizzas preordered. If you do plan on participating in the potluck, please plan on bringing an item to share (fruit, salad, dessert, snacks, drinks) as well as contributing a dollar or so per family member for the pizza.

We'll have the NSC group food tables set up in the NSC team area.

If you are not interested in either of these options, please feel free to bring food for your swimmers and family members and/or buy whatever you'd like from the concessions area. The main point is to have the team eating together and having a great time!!

Thanks for your prompt response to this email!!
